

## **Cross Reference Information**

The Mueller Group, Inc., imports and distributes equals to many manufactured cables. If you are looking for an exact equal, please provide a competitors series, series number or part number to your Mueller Group representative. This will help speed up the process of correctly identifying and cross referring your cable requirements to our current offerings.

The Mueller Group, Inc., also offers functional equivalents in many instances where an exact equal is not required. Please provide all critical requirements and we will do our best to offer a cable that meets the demands of each application at a more affordable and economical price.

The following page is a general cross reference guideline to many competitor's cable series. Please be advised that this is not a complete offering list and is subject to change without notice. Always refer to our specification sheets for complete cable construction, specifications and differences.
